Petro S

Company introduction

A Saudi company established in 2014 specialized in the lubricant industry to keep pace with the developments taking place in the Kingdom by working at the global level all the requirements and needs of workers according to local standards and classifications with the latest technologies

Petro S

sets us apart

Customer satisfaction

A main goal around which all the efforts of our employees revolve and the measure of our ability to continue success

honesty

All employees of the company are personally responsible for adopting the highest standards of professional conduct, including honesty, justice and commitment

the quality

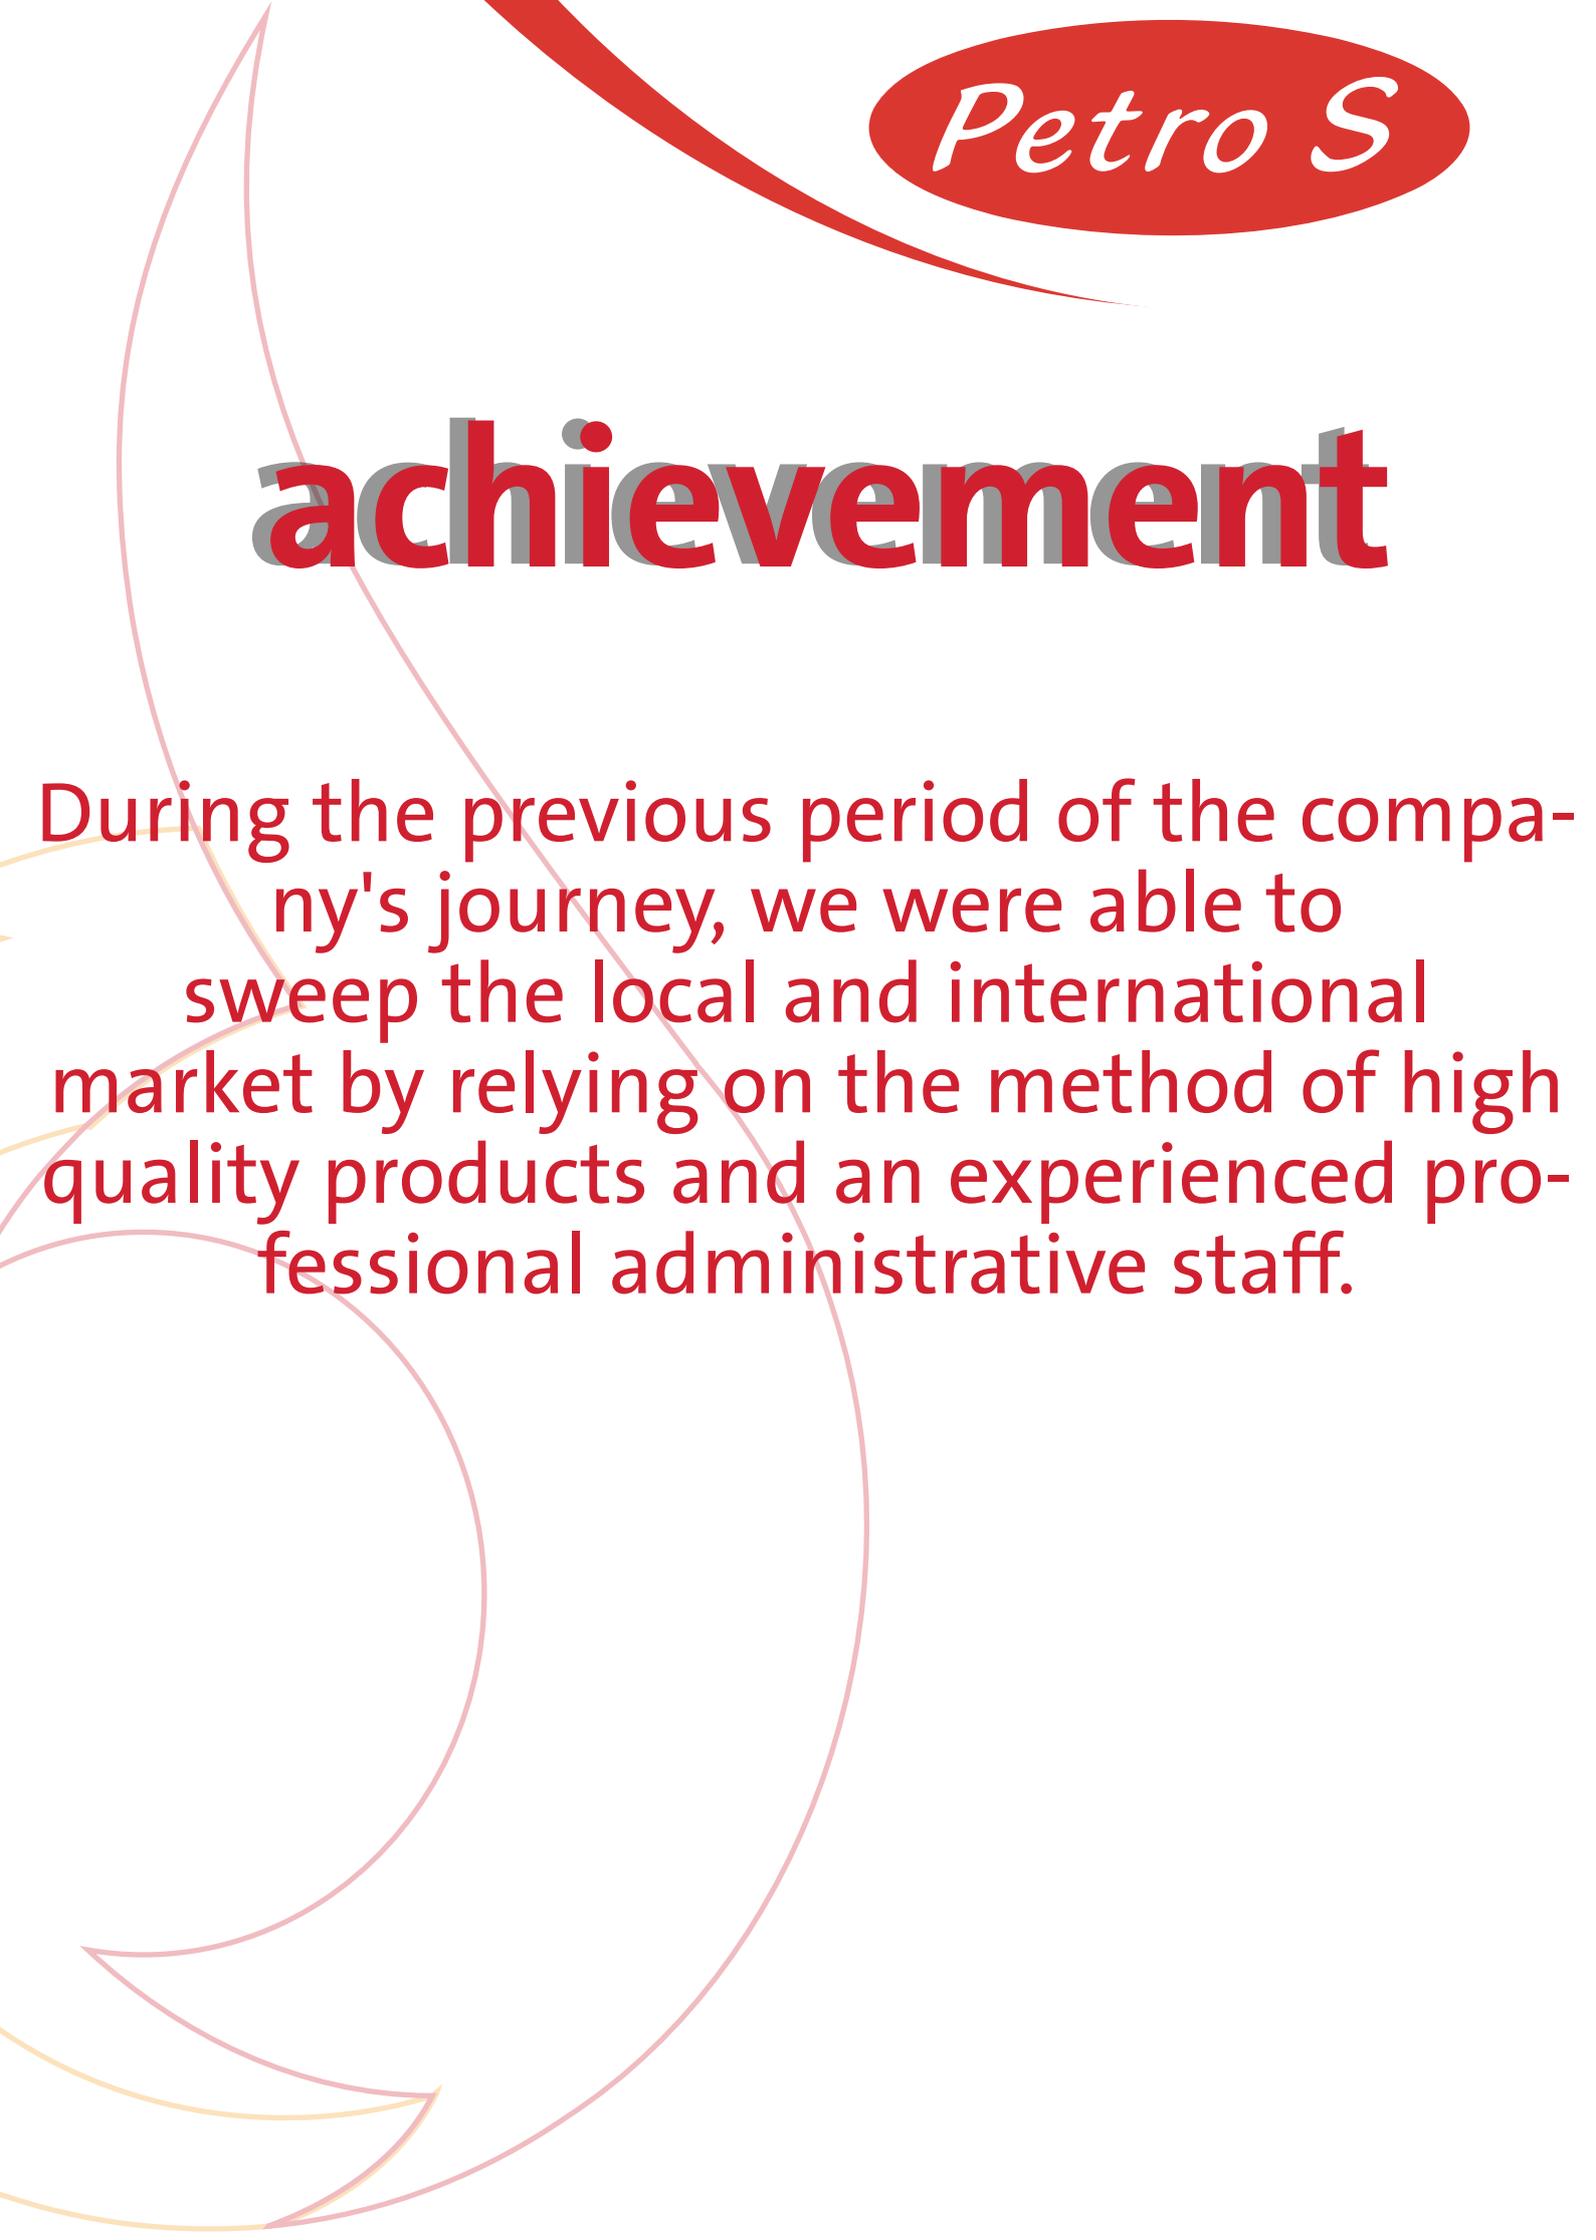

We are committed to the concept of total quality in all our business and services to achieve added value for our customers and shareholders

Petro S

laboratory

The company is keen to apply the highest quality standards in accordance with the instructions of the Saudi Standards and Metrology Organization through the development and development of the company's laboratory with the latest and most accurate international equipment to ensure the highest efficiency of the company's product and ensure that it conforms to specifications and standards.

Petro S

achievement

During the previous period of the company's journey, we were able to sweep the local and international market by relying on the method of high quality products and an experienced professional administrative staff.

Petro S

External Sales

Our products are exported to more than 35 countries, the Cooperation Council and the Middle East

Petro S

Local sales

Petro S team is available in all regions of the Kingdom

Petro S

Petro S is a 100% Saudi product with American technology. Obtains the quality mark from the Saudi Organization for Standardization and Metrology. Made from virgin base oils from Saudi Aramco oils. Available in all our branches inside and outside the Kingdom.

Gasoline engine oil

Petro S

Petro s -Gold 0W20

Is the ultimate performance, fully synthetic oil designed to provide to provide unsurpassed protection for the engines of all modern petrol- and diesel- powered passenger cars and light commercial vehicles. It is suitable for high performance engines, especially those fitted with turbochargers. Formulated with high performance synthetic base fluids and a proprietary additive system to provide exceptional protection and performance for your engine, flow through the engine faster offering unsurpassed protection during the critical engine start-up when most engine wear occurs. It remains fluid at low temperatures and provides outstanding under the most extreme cold weather conditions.

Meets and Exceeds API:SN/CH DEXOS 1, MB 229.51,ILSAC GF-5,SAE 0W20

Filling: 1,4L plastic cans,208 L drums

Diesel engine oils

Super-Syn Master Duty

is synthetic lubricant oil formulated with synthetic technology by blending high quality synthetic base fluids and high performance additives. It is formulated for high speed and four-stroke diesel engines which a service category of CI-4 plus. The oils are compounded for use in all applications with diesel fuels with sulfur content ranging up to 0.05% by weight. These oils are especially effective at sustaining engine durability where exhaust emission componentry may be used. Super-Syn Master Duty provides protection against wear, corrosion, low/high-temperature stability, piston deposit control, soot handling properties and viscosity loss due to shear, and can be used for lower service category engines.

Meets and Exceeds API:CJ-4 /SL, MB 228.5,ILSAC GF-5,SAE 15W40
Filling: 1,4L plastic cans,208 L drums
